

**Arabambi, Samson Babatunde**  
**Pharmacist**

4th November, 2024.  
Human Resource Manager,  
Greenlife Pharmaceutical Ltd,  
Nigeria,

Dear Sir,

As a collaborative and solution-oriented pharmacist, I would like to express my sincere interest in the position of Pharmaceutical Sales Representative (Ibadan) at Greenlife Pharmaceutical Limited.

As an accomplished and result-oriented professional, I believe my expertise aligns closely with the roles outlined in your advertisement.

With years of clinical experience, my background includes working as a clinician in the retail/community pharmacy world and overseeing a wholesale outlet to achieve the goal of meeting the demands of drug stores in and out of Oyo State which also contributes to an increase in profit margin.

My roles over the years include working as a Superintendent Pharmacist, Pharmacy Manager and Community Pharmacist.

I also worked in my role as an intern pharmacist at University College Hospital (UCH), where I delivered quality pharmaceutical care services to clients hence improving their health outcomes. These were done through an efficient supply of medicines and client-oriented services to promote appropriate use.

My proven selling skills and efficient communication have helped me a great deal in building a robust customer base at my current place of work which translates to incredible sales every month.

My proven success in human management and patient-oriented goals will help me contribute immensely to your success as a firm.

Thank you for your consideration and favorable response.  
I look forward to hearing from you soon.

Yours Faithfully,  
Pharm. Arabambi Samson B.
